EDUCATION

Lovely Professional University GPA: 8.21

Bachelor of Technology (B.Tech) in Computer Science and Engineering

Mahatma Buddha Memorial Inter College CGPA: 8.95 / 10

Senior Secondary

PROFESSIONAL EXPERIENCE

Role: Volunteer

Jun 2024 - Aug 2024

NGO: Kalpana Jann Jagriti Samiti (On-Site)

- Donated food and clothing to underprivileged individuals, benefiting over 300 people.
- Raised awareness about the importance of not wasting food and water in the local community.
- Assisted in organizing and supporting community outreach activities alongside a team of 5–6 members

PROJECTS

EliteCode – Online Coding & Learning Platform | Personal Project

Sept 2025 - Present

React • Node.js • TailwindCSS • MongoDB • Socket.io • REST APIs

- Developed a full-stack coding platform with multiple interactive modules, including **real-time Chat AI**, **DSA Visualizer**, and coding challenge submissions.
- Designed a responsive, futuristic UI with smooth animations and user-friendly interactions using TailwindCSS.
- Implemented secure authentication, profile management, and progress tracking for users.
- Integrated backend APIs with MongoDB to store user data, submissions, scores, and analytics.
- Enabled real-time collaboration and messaging using Socket.io for a community-driven learning experience.

SocketChat – Real-Time Messaging Platform | Personal Project

April 2025 - May 2025

React • Node.js • Socket.io • TailwindCSS • MongoDB

- Developed a **full-stack real-time chat application** supporting one-on-one and group conversations.
- Implemented **secure user authentication**, chat history storage, and typing indicators.
- Designed a **responsive and interactive UI** with TailwindCSS for seamless user experience across devices.
- Enabled **instant messaging** and real-time notifications using Socket.io.
- Supported **media sharing and emojis** to enhance communication.

FoodHub – Online Food Ordering Platform | Personal Project

Oct 2025

React • Node.js • Express • MongoDB • TailwindCSS • REST APIs

- Developed a **full-stack food ordering platform** allowing users to browse menus, place orders, and track deliveries in real-time.
- Implemented **secure payment integration**, order tracking, and pickup options for a seamless customer experience.
- Designed a **responsive and interactive UI** with TailwindCSS for smooth navigation across devices.
- Built backend APIs with Node.js and MongoDB to manage **orders, users, restaurants, and payments** efficiently.
- Enabled real-time updates for order status, notifications, and estimated delivery times.

SKILLS

- **Languages:** JavaScript, Java, C, C++, Python, HTML, CSS, MySQL, ORACLE, PHP
- **Frameworks & Libraries:** React.js, Node.js, Express.js, Tailwind CSS, GSAP
- **Tools & Technologies:** Git & GitHub, MongoDB, Postman, Figma, REST APIs, VS Code, Netlify, Render
- **Platforms:** Linux, Windows, Android, Vercel
- **Domains: Technical Expertise:** Full-Stack Web Development, Cybersecurity, UI/UX Design, Natural Language Processing (NLP), Large Language Models (LLM)
- **Problem Solving & Competitive Programming:** Solved 350+ problems on LeetCode, 450+ problems on CodeChef, and 150+ problems on GeeksforGeeks across a wide range of topics, including arrays, strings, graphs, dynamic programming, and general programming challenges.

CERTIFICATIONS AND ACHIEVEMENTS

Certified Ethical Hacker (CEH V12) – Warlock Security

March 2024

- Successfully completed all requirements and passed the CEH V12 examination conducted by Warlock Security.
- Certificate Link: [View Certificate](#)

Oracle Cloud Infrastructure 2025 Certified Generative AI Professional

Aug 2025

- Successfully completed all requirements and earned the Oracle Cloud Infrastructure 2025 Certified Generative AI Professional Certification.
- Certificate Link: [View Certificate](#)
